

Measure taken by Shree Sahajanands Automeck Pvt Ltd

Shree Sahajanands Automeck Pvt Ltd has come up with products that helps fight against COVID-19. They are making Disinfectant Cabins/Tunnels which consumes very less water and produces extremely low droplets. The manufacturing time of the unit is 2 days and can be easily installed in 15 minutes time. They have also come up with Tractor Mounted Disinfectant Sprayer which can be installed on any tractors and the spray could cover the road width upto 30 feet.
