

# ADANI KRISHNAPATNAM PORT LIMITED

Adani Krishnapatnam Port Limited (AKPL) is working closely with all stakeholders like Local Government; Village Panchayats; Port Users, Service Providers in providing medical support and other relief activities for the people affected by Covid-19. AKPL is providing support in the transportation of Oxygen received from manufacturers from other States. Within 1 hour of arrival to the port, over 50 Mts of Oxygen transferred to tankers and despatched to various locations in the State. The company has also established a COVID Care Centre with 250 Beds in association with the local administration and industry in the State. AKPL would vaccinate 100% of employees working in the Port and also their families as part of their CSR initiative.
