

BOSCH LIMITED

Bosch has been an active patron in fighting the pandemic through various initiatives. The company has converted its sports complex into a 70 bed COVID Care Centre. The facility is also being used as a vaccination camp for employees and public under Bruhat Bengaluru Mahanagara Palike (BBMP). The company is working on an in-house oxygen generation unit, which will serve the dual purpose of ensuring business continuity and aiding healthcare infrastructure. The company is providing technical expertise in setting up modular ICU beds and augmenting the medical infrastructure of select Government hospitals.
