

GUIDANCE CHECKPOINTS FOR MANDIS - FRUITS AND VEGETABLES

MEASURES TO BE TAKEN BY LOADERS AND UNLOADERS

Maintain 1.5 metre distance with all people or Wear a Mask

Wear a mask if Coughing or Sneezing

Wash hands with Soap and Water / Sanitise before work & after contact with Customers, Cash, any Surface

Do not wear gloves when visiting toilets

Wash Hands with Soap & Water after using Toilets and before wearing Gloves

For Reusable gloves, sanitize gloves every 2 hours

Keep aside rejected packaging materials & discard to prevent cross contamination

Transfer packaged goods from the packaging material to clean containers for storage

Stay home if sick or in close contact with sick individuals

Notify supervisor immediately if Coughing, Fever & Shortness of breath develop

P.S

To prevent spread of COVID-19, WHO and MOHFW recommend individuals employ social distancing or maintain approximately 1 metre (3 feet). CDC recommends approximately 2 metre (6 feet) from others, when possible. As a best practice, approximately 1.5 m could be maintained.
