

GUIDANCE CHECKPOINTS FOR MANDIS – FRUITS AND VEGETABLES

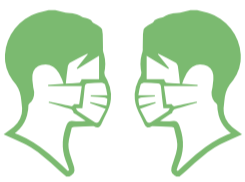

MEASURES TO BE TAKEN BY BUYERS & SELLERS

Prohibit sick employees (Coughing and Temperature more than 99.5 degrees F) from attending office

Wear a Mask in case of Coughing or Sneezing

Wear a Mask when 1.5m distance between people is not maintained

Minimize human to human contact during receiving and delivery

Ensure minimum 1.5 metre distance between people at all times

Clean and sanitize touch surfaces, shared pens, utensils frequently

For using reusable cleaning cloths, clean with soap and water between every use

If Gloves are worn, dispose off those before visiting the Toilet

Wash hands with soap and water after using toilets and before wearing gloves

Wash/ spray disinfect all containers daily with soap solution and common disinfectant

Promote digital payments (e.g. UPI) wherever possible

Sanitize hands after handling cash and before touching other objects

P.S

To prevent spread of COVID-19, WHO and MOHFW recommend individuals employ social distancing or maintain approximately 1 metre (3 feet). CDC recommends approximately 2 metre (6 feet) from others, when possible. As a best practice, approximately 1.5 m could be maintained.
