

GUIDANCE CHECKPOINTS FOR MANDIS - FRUITS AND VEGETABLES

MEASURES TO BE TAKEN BY DRIVERS/HELPERS/TRANSPORTERS

Avoid leaving the cabin of the truck at borders/ loading/ unloading points

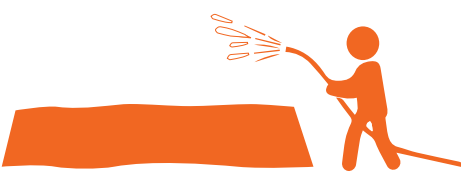

Wear Masks when gap of 1.5 meters between people is not maintained

Do not go for work if Coughing, Fever and breathlessness develop

Disinfect Truck and cabin with sodium Hypochlorite solution or any other suitable disinfectant between new consignments

Tarpaulins, if used for cover or truck bed mats, to be regularly cleaned and sun dried .

Take meals/ or Take away food in the cabin of the truck or in non-crowded space.

Wash hands with soap and water or sanitise after exchanging documents or currency.

Use paperless documents and contactless payments where possible

P.S

To prevent spread of COVID-19, WHO and MOHFW recommend individuals employ social distancing or maintain approximately 1 metre (3 feet). CDC recommends approximately 2 metre (6 feet) from others, when possible. As a best practice, approximately 1.5 m could be maintained.
