

DANFOSS INDIA

Danfoss India is working with the Tamil Nadu Government to set up a 250 Litre Per Minute (LPM) oxygen plant that will support over 50 oxygen beds at a Government district hospital near its campus in Chennai. The company is also working on an industry taskforce along with the State Government to procure oxygen cylinders to aid the state's healthcare infrastructure. Further the company has also contributed to the Chief Minister's Public Relief Fund in Tamil Nadu.
