47	UK	Welsh Government	Julie Russell			E: Julie.Russell@gov.wales M: 0788 458 7054		Provided details of oxygen products manufacturer **
48	UK	Air Products Medical Group	Steve Soper			UKMEDHOS@airproducts.com		Providing support to INOX Air Products Pvt. Ltd, their joint venture (JV) company in India, as they continue to serve the people and country of India by facilitating the supply of medical oxygen across the country. In response to the escalating situation, Air Products is allocating resources and assets from its operations around the world to support and maximize the supply and distribution of oxygen within India during this period of crisis. They are liaising with government agencies and other local logistics experts to deliver multiple ISO LOX oxygen containers to India by air. These large storage containers will then be filled with medical oxygen within India by INOX Air Products, who will coordinate their transport to needed areas.
49	UK	Future Biogas	Richard Priestley			richard.priestley@futurebiogas.com		Has a NUVO 8 Oxygen Generator machine that is working correctly and giving Oxygen flow. Also has 3 other machines that are in need of service and repair. All 4 are available.
