

## SECURE METERS LIMITED

Secure Meters is installing 5 oxygen generating plants at hospitals in South Rajasthan. Each of these plants has a capacity to generate 10 NM<sup>2</sup>/hr of medical grade oxygen. The company has also donated 20 Oxygen-CPAP machines to local administration in Udaipur and Banswara, Rajasthan. Earlier the company contributed INR 20 lakh to CM's relief fund in Rajasthan, which was used to feed families during the first lockdown. It invested another INR 20 lakh in production of oxygen – CPAP machines which are being used in multiple hospitals.
