

THE DEMPO GROUP OF COMPANIES, GOA

The Dempo Group of Companies has been providing free nutritional lunch packets along with potable drinking water to individuals and families attending to Covid-19 patients at Goa Medical College, Goa. Food is also delivered to the homes of the affected in and around Panaji, Betim and Porvorim. The food supplied initially consisted only of nutritional vegetarian options, but now fish curry is also included taking into consideration the local Goan requirements. About 250 packs of meals have been given every day. Till date, more than 6000 packets have been delivered.

The Dempo Group has also been the main donor to the Red Cross Society for the supply of oxygen concentrators and cylinders with Rotary Club of Panaji being the co-sponsor. While 50 oxygen cylinders were handed over to Goa Medical College, about 200 have been delivered to various private hospitals on a returnable basis. The movement of cylinders is being closely monitored by The Red Cross Society. The Dempo Group has also donated generously to the COVID relief funds.
