

YOKOHAMA

As a community support initiative, Yokohoma started COVID Care Isolation Centres at Gelanda and Samantpore village, Dahej with a capacity of 10 bed each. The company has donated 15 oxygen concentrators to District Administration, Bharuch. Ration, food items, medicine and hygiene kits were also distributed to villagers nearby Dahej. The company has also carried out fumigation and sanitization drives in nearby villages to maintain hygiene.

Yokohoma has extended extensive support to its employees, including testing and vaccination programs, doctor consultations, online health/wellness talks, awareness on COVID appropriate behaviour. Employees are also being reimbursed medical expenses for self and family, in addition to being provided special COVID-19 medical insurance cover, special leaves in excess/advance of mandatory leaves. The company is taking all possible measures to ensure a safe work place for its employees.
